About us

**LLC Firm "Grona" is one of the largest
producers of biscuits in Ukraine**

No 1 **in Ukraine in production capacity and
export of flour confectionery products**

YEARS OF SUCCESS

*From small production to a
powerful enterprise*

Grona

Production of "Grona" is the best automated lines for production of easy, high-quality and healthy biscuits for our consumers

We were the first in Ukraine to test and launch high-quality Swiss equipment for the production of our delicacies

Our production is growing and gaining every year

Ukraine took the fancy of our biscuits and we, as a sign of gratitude for your love and trust, try to make for you even more varieties of sweet "snacks" for a delicious bite and sup

Our products are manufactured under **strict control** at all stages of the process, from the **preparation of ingredients** and **kneading the dough**, to the **packaging of finished products**

We monitor the **condition** of our equipment - it must be in **perfect condition**

We control the **health** of our employees and guarantee compliance with **sanitary norms** in our production areas.

Company history

1993

"Grona" was born in 1993. Initially, it was an enterprise specializing in the distribution of confectionery. The company has successfully cooperated with major confectionery manufacturers in Ukraine

1998

Grona launches its own production.

The first signs was a confectionery shop for the manufacture of caramel

1999

The management of the dynamically growing company has launched several more production facilities

2000

The year was marked by the launch of the 1st line for the production of hard dough biscuits.

The first branded biscuits were the now popular "Slastyona baked milk"

2002

The second line for the production of hard dough biscuits is launched - the popularity of biscuits is growing, additional capacity is needed

2005

The line for the production of puff pastry begins to work. Specialists have created a technology and recipe for puff pastry with a long shelf life. Healthy, tasty and safe product instantly conquered gourmets

2005

The company has completely switched to the latest European equipment. The first in Ukraine "Grona" began to produce biscuits with the help of automated lines of puff pastry, hard dough biscuits and air crackers

The benefits

**Stable
production
growth**

**Corporate
spirit,
teamwork for
a common
result**

**Guarantee of
high product
quality, ideal
price-quality
ratio**

**Huge experience
in the market of
flour products**

Grona

**We build our
business in a
spirit of fair
competition**

**Our assortment
contains many
types of biscuits
for every taste**

**We make what we
know best using only
reliable resources
and quality raw
materials**

The company has the opportunity to invest its own funds in capacity expansion, to create new workspaces. Taxes are paid to budgets of different levels and funds on time, which indicates the ability of the team to conduct production confidently and with a future perspective

Production shops are brought up to strength of the most modern imported equipment of the world level. There is no such equipment at any enterprise of our state. Accordingly, the best specialists in this field work on its maintenance and operation

And it should be noted that qualified specialists work hard on the functioning and development of the company. Most of them studied and gained a lot of experience at LLC Firm “Grona”. The company's management creates all the conditions for young employees so they can improve and have a rapid career growth on the basis of the company
