Acacia honey

Specification:

100% pure natural honey.

Fat: 0 g

Carbohydrates: 80g

Sugars: 75g

Proteins: 0.8g

Energy value: 324 kcal.

GMO free

Availability: Worldwide.

Possible private label: Yes.

Origin: Ukraine.

Benefits:

Acacia honey is considered a superfood because of its multiple health benefits, which is likely attributed to its high antioxidant content, least allergenic of all other honey types as its low pollen content makes it suitable for many allergy sufferers.
