

ARTHA.S

We produce individual packaging for your brand

Who are we?

We are "Artha-S" company, our trade mark is "White Orchid".

We produce individual packaging from polymer film (polypropylene, polyethylene).

We help businesses create individual packaging that shows the product in the best light and properly represents our clients' products in the market.

Where and how we work

The company was founded in 1999. The main office, production workshop, and wholesale warehouse are located in the city of Dnipro.

We accept orders and provide delivery throughout Ukraine and Europe.

Our friendly and professional team will assist you at all stages of ordering.

Арtha - С

"Our main values and guiding principles are an honest approach to doing business, a sincere desire to fulfil our obligations to clients, partners, and consumers."

Volodymyr Stakhnyak, Director of "Artha-S"

Our advantages:

- We use modern technologies and regularly update our equipment park.
- We produce only certified, safe and environmentally friendly products for which we take full responsibility.
- We receive raw materials for production directly from manufacturers.

Quality:

- In our production, we use only high-quality film materials and modern technologies from the leading manufacturers of the countries of the Europe.

Safety:

- Our packaging can be used for food products or have direct contact with the consumer, so we ensure it is safe.
- We produce our products according to high standards, and we also have approval from the State Sanitary and Epidemiological Inspection.

CIRCULARITY, GREEN FOCUS

Environment friendly packaging with good functionality throughout the chain from producer to consumer, where the amount of food waste is minimized. We focus on environment friendly and sustainable products that involve:

- Plastic raw materials that are recycled or from renewable raw materials.
- Products with high quality and long service life.
- Products that are adapted to the packaging process, more per pallet, smaller footprint.
- Logistics, from production directly to customer.
